DNR COST SHARE

Questions to Ask Your Forester

Take this to your site visit and jot the answers down. You'll leave knowing what DNR will cover, what's on you, and what comes next.

At the visit

1. What work do you recommend, and where should we start?
2. Which practices will be in my prescription (thinning, pruning, brush, slash)?
3. What's the most DNR will pay, and how is that figured?
4. When does my approval expire, and can it be extended?
5. Can I do some of the work myself? How do I record my hours?
6. Will DNR pay me, or can it pay my contractor directly?
7. What records and photos do you want at the inspection?
8. How should the slash be handled? Do I need a burn permit?
9. Could I qualify for additional (hardship) assistance?
10. Can my neighbors and I apply as a group?
11. What upkeep do you expect over the next 15 years?
12. How long after inspection does payment usually take?
13. Are there conservation district or other programs I should look at?

B&B Wildland Fire
DNR-approved fire mitigation contractor · Licensed, bonded and insured
DNR decides eligibility, the amount and the timing.
